

Assessment according to Inditex RSL (version 2010)

Product family	Chemical origin	Suitability for Inditex		
		Articles for Babies (< 3 year)	Articles direct contact with the skin	Articles no direct contact with the skin
ACRACONC 2C-N	Polyacrylate, dispersion	Complies	Complies	Complies
ACRACONC FN 01	Polyacrylate, aqueous dispersion	Complies	Complies	Complies
ACRAFIX FF	Polyurethane, aqueous dispersion	Complies	Complies	Complies
ACRAFIX ML	Modified melamine resin, aqueous preparation	Does not comply	Complies	Complies
ACRAFIX ML 200%	Modified melamine resin, aqueous preparation	Does not comply	Complies	Complies
ACRAFIX PCI	Polyurethane, aqueous dispersion	Complies	Complies	Complies
ACRAGEL L	Polyurethane/arylethylphenylpolyglyk ol ether, aqueous preparation	Complies	Complies	Complies
ACRAMIN BS-N	Aqueous dispersion of butadiene-styrene-copolymer	Complies	Complies	Complies
ACRAMIN COMPOUND P	Aqueous emulsion of polymers	Complies	Complies	Complies
ACRAMIN PUD 01	Aqueous dispersion of polyester urethane dispersion	Complies	Complies	Complies
ACRAMIN PREFIX K	Aqueous solution of a modified high-molecular polyethylene polyamine	Complies	Complies	Complies

ACRAMIN SOFTENER MPG 01	Polydimethylsiloxane, aqueous preparation	Complies	Complies	Complies
ACRAMIN SW	Aqueous dispersion of polyacrylate	Restricted (1)	Complies	Complies
ALKAFLO	Aqueous solution of inorganic salts	Complies	Complies	Complies
ASTRAGAL ME	Aqueous preparation of alkylarylammonium chloride	Complies	Complies	Complies
AVOLAN AV 200%	Alkylaryl amino polyglycoether	Complies	Complies	Complies
AVOLAN IS	Methylene-linked condensation product of arylsulphonic acids	Complies	Complies	Complies
AVOLAN IS LIQUID	Preparation, contains methylene-linked condensation product of arylsulphonic acids	Complies	Complies	Complies
AVOLAN IW	Alkyl polyglycol ether	Complies	Complies	Complies
AVOLAN IW Liquid	Alkyl polyglycol ether	Complies	Complies	Complies
AVOLAN RW	Alkylamine polyethylene glycol ether preparation	Complies	Complies	Complies
AVOLAN SCN 150 N	Ethoxylated fatty amine and Anionic surfactant, aqueous solution	Complies	Complies	Complies
AVOLAN SN	Aqueous preparation of ethoxylated fatty amine and anionic surfactants	Complies	Complies	Complies
AVOLAN UL 75	Aqueous preparation of alkylaminopolyglycol ether sulfate	Complies	Complies	Complies
BAYGARD 40178	Paraffin and condensation product of fatty acid/melamine, aqueous preparation	Complies	Complies	Complies

BAYGARD CLEAN	Fluorocarbon polymer emulsion	Complies	Complies	Complies
BAYGARD EDW	Polyurethane, aqueous dispersion	Complies	Complies	Complies
BAYGARD FBI	Polyurethane, aqueous dispersion	Complies	Complies	Complies
BAYLAN UT	Alkyl polyglycol ether, aqueous preparation	Complies	Complies	Complies
BAYLASE AT 02	Aqueous solution of Enzyme	Complies	Complies	Complies
BAYPRET NANO-PU	Aqueous preparation of a modified polyether polyurethane	Complies	Complies	Complies
BAYPRET USV	Aqueous preparation of a modified polyether polyurethane	Complies	Complies	Complies
BAYPROTECT NANO-POLLEN	Polysiloxane derivative, aqueous dispersion	Complies	Complies	Complies
BAYSCENT ACAI	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT ACE	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT ALOE VERA	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT BODY LOTION	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT CAMOMILE	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT CHANNEL	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies

BAYSCENT FLEUR DE LAVANDE	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT GINSENG	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT GREEN TEA	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT LAVENDER	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT LIMONE	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT MENTHOL	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT NEUTRALIZER	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT ORANGE TEA	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT RED TEA	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT RELIEF	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT ROSE	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT SANDALWOOD	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT STRAWBERRY	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies
BAYSCENT VANILLA BOUQUET	Preparation of microcapsules of liposoluble essences and polyurethane, aqueous dispersion.	Complies	Complies	Complies

BLANKOPHOR ACR Liquid	Benzimidazole derivate, aqueous preparation	Complies	Complies	Complies
BLANKOPHOR BA Liquid	Derivative of 4,4'-bis(1,3,5-triazinylamino)stilbene-2,2'-disulfonic acid, aqueous preparation	Complies	Complies	Complies
BLANKOPHOR BBU Liquid 01	Stilbene disulphonic acid derivative	Complies	Complies	Complies
BLANKOPHOR BRU Liquid	Stilbene disulphonic acid derivative	Complies	Complies	Complies
BLANKOPHOR BSUN Liquid	Stilbene disulphonic acid derivative	Complies	Complies	Complies
BLANKOPHOR CCB	Stilbene derivative	Complies	Complies	Complies
BLANKOPHOR CCB Liquid	Stilbene derivative	Complies	Complies	Complies
BLANKOPHOR CCR Liquid	Stilbene derivative	Complies	Complies	Complies
BLANKOPHOR CLE Liquid	Derivative of 4,4'-bis(1,2,3-triazol-2-yl)stilbene-2,2'-disulfonic acid, preparation	Complies	Complies	Complies
BLANKOPHOR CLE Liquid B	Derivative of 4,4'-bis(1,2,3-triazol-2-yl)stilbene-2,2'-disulfonic acid, preparation	Complies	Complies	Complies
BLANKOPHOR CO	Stilbene derivative	Complies	Complies	Complies
BLANKOPHOR CO Liquid	Stilbene derivative	Complies	Complies	Complies
BLANKOPHOR CO Liquid B-B	Stilbene derivative	Complies	Complies	Complies
BLANKOPHOR CO Liquid R	Stilbene derivative	Complies	Complies	Complies

BLANKOPHOR PAS Liquid B	Distyryl-biphenyl derivative	Complies	Complies	Complies
BLANKOPHOR PET Liquid	Styrylbenzene derivative	Complies	Complies	Complies
BLANKOPHOR PET Liquid B	Styrylbenzene derivative	Complies	Complies	Complies
BLANKOPHOR ULTRAWHITE	Stilbene derivative	Complies	Complies	Complies
CELLOLUBE AST	Fatty acid amide derivative, aqueous emulsion	Complies	Complies	Complies
CELLOLUBE CRS	Fatty acid amide derivative and modified polydimethylsiloxane, aqueous emulsion	Complies	Complies	Complies
CELLOLUBE SUPRA	Modified polydimethylsiloxane	Complies	Complies	Complies
CURITE 5184	Aqueous solution of organic and inorganic salts	Complies	Complies	Complies
DIADAVIN ANE	Fatty alcohol polyglycol ether, preparation	Complies	Complies	Complies
DIADAVIN DSP	Preparation of alkylamine derivative/ fatty acid polyglycol ester/arylethylphenyl polyglycol ether Deriv.	Complies	Complies	Complies
DIADAVIN ESW 01	Alkylamine derivative preparation	Complies	Complies	Complies
DIADAVIN NSE	Fatty alcohol polyglycol ether, aqueous preparation	Complies	Complies	Complies
DIADAVIN THG Liquid	alkane sulphonate, sodium salt, aqueous preparation	Complies	Complies	Complies
DIADAVIN UN	Fatty alcohol polyglycol ether	Complies	Complies	Complies

DIADAVIN UNJ	Fatty alcohol polyglycol ether/polyether polysiloxane	Complies	Complies	Complies
DS 14	Aqueous preparation of thiodiglycol and methylene-linked condensation products of arylsulphonic acids	Complies	Complies	Complies
DS Conc.	Aqueous preparation of thiodiglycol and methylene-linked condensation products of arylsulphonic acids	Complies	Complies	Complies
EDOLAN AB	Aqueous dispersion of an acrylic polymer	Does not comply	Complies	Complies
EDOLAN AH	Acrylate dispersion	Does not comply	Complies	Complies
EDOLAN AM	Aqueous dispersion of an acrylic polymer	Does not comply	Complies	Complies
EDOLAN AZ	Aqueous dispersion of polyacrylated	Restricted (2)	Complies	Complies
EDOLAN GS	Aqueous aliphatic polyester polyurethane dispersion	Complies	Complies	Complies
EDOLAN HS	Polyester urethane, aqueous dispersion	Complies	Complies	Complies
EDOLAN LS	Polyurethane, aqueous dispersion	Complies	Complies	Complies
EDOLAN SE	Polyurethane, aqueous dispersion	Complies	Complies	Complies
EDOLAN SI 1	Modified polydimethylsiloxane, aqueous preparation	Complies	Complies	Complies
EDOLAN SI 2	Modified polydimethylsiloxane, aqueous preparation	Complies	Complies	Complies
EDOLAN SN	Aliphatic polyether based polyurethane, aqueous dispersion	Complies	Complies	Complies

EDOLAN TC	Aqueous aliphatic polyester polyurethane dispersion	Complies	Complies	Complies
EDOLAN UC	Aqueous aliphatic polyester polyurethane dispersion	Complies	Complies	Complies
EDOLAN UH	Aqueous aliphatic polyester polyurethane dispersion	Complies	Complies	Complies
EDOLAN XCI	Mixture of aliphatic polyisocyanates	Complies	Complies	Complies
EDOLAN XCIB	Aqueous dispersion of polyurethane	Complies	Complies	Complies
EDOLAN XPS	Aqueous preparation of an ammoniumstearate	Complies	Complies	Complies
EDOLAN XTP	Water soluble polyurethane	Complies	Complies	Complies
EMULSIFIER VA 02	Polyethylene glycol derivative	Complies	Complies	Complies
EMULSIFIER WN	Aryl polyglycol ether	Complies	Complies	Complies
ERKANTOL AS	Ester of an inorganic acid	Complies	Complies	Complies
ERKANTOL NR	Fatty alcohol polyglycol ether	Complies	Complies	Complies
EULAN SPA 01	Permethrin preparation (synthetic pyrethroid)	Complies	Complies	Complies
FIBERMATE POC	Mixture of aliphatic hydrocarbons and surfactants	Complies	Complies	Complies
LEVASALT AY	Alkylarylsulphonate, aqueous preparation	Complies	Complies	Complies

LEVEGAL BLD	Acidic solution of fatty acid polyglycol ester / arylethyl phenyl polyglycol ether derivative	Complies	Complies	Complies
LEVEGAL DLP	Aqueous preparation of a fatty acid polyglycol ester / arylethyl phenyl polyglycol ether derivative	Complies	Complies	Complies
LEVEGAL ED	Aqueous preparation of polyacrylate and a heterocyclic nitrogen compound	Complies	Complies	Complies
LEVEGAL FFL	N-Alkyl phthalimide preparation	Complies	Complies	Complies
LEVEGAL FTSK 01	Alkylamine polyethylene glycol ether/alkylarylsulphonate preparation	Complies	Complies	Complies
LEVEGAL LPA 01	Aqueous preparation of ethoxylated fatty amine and anionic surfactants	Complies	Complies	Complies
LEVEGAL MDL	Aqueous preparation of a fatty acid polyglycol ester / arylethyl phenyl polyglycol ether derivative	Complies	Complies	Complies
LEVEGAL PL	Fatty acid polyglycol ester, aqueous solution	Complies	Complies	Complies
LEVEGAL RL	polyaminocarboxylic acid and methylene-linked condensation product of arylsulphonic acids, aqueous preparation	Complies	Complies	Complies
LEVEGAL SER	Alkylaryl sulfonate preparation	Complies	Complies	Complies
LEVEGAL UNI	Aqueous preparation of fatty acid polyglycol ester and arylethyl phenol polyglycol ether	Complies	Complies	Complies
MERSE RTU	Solution of surface active agents	Complies	Complies	Complies
MESITOL AS	Aqueous preparation of a methylene-linked condensation product of arylsulphonic acids and hydroxyaryl sulphone	Complies	Complies	Complies
MESITOL BFN	Arylsulfonate condensation product, aqueous preparation	Complies	Complies	Complies
MESITOL BFN-AD	Aqueous preparation of a methylene-linked condensation product of arylsulphonic acids and hydroxyaryl sulphone	Complies	Complies	Complies

MESITOL HWS Liquid	Aqueous preparation of a methylene-linked condensation product of arylsulphonic acids and hydroxyaryl sulphone	Complies	Complies	Complies
MESITOL NBS	Methylene-linked condensation product of arylsulphonic acids	Complies	Complies	Complies
MESITOL NBS Liquid 01	Preparation of a methylene-linked condensation product of arylsulphonic acids and hydroxyaryl sulphone	Complies	Complies	Complies
MESITOL NBSJ 01	Aqueous preparation of a methylene-linked condensation product of arylsulphonic acids and hydroxyaryl sulphone	Complies	Complies	Complies
MIGRASSIST ACD	Solution of a quaternary ammonium compound	Complies	Complies	Complies
MIGRASSIST CONC	Solution of a quaternary ammonium compound	Complies	Complies	Complies
NOFELT WA	High molecular polyoxyethylene solution	Complies	Complies	Complies
NOFOME AF	Aqueous emulsion of nonionic surfactants and defoamer	Complies	Complies	Complies
NOFOME BLF 01	Mixture of alcohol phosphate esters and nonionic surfactants	Complies	Complies	Complies
NOFOME DP	Aqueous emulsion of polydimethylsiloxane	Complies	Complies	Complies
NOFOME DS	Modified polydimethylsiloxane, aqueous preparation	Complies	Complies	Complies
NOFOME HT	Modified polydimethylsiloxane	Complies	Complies	Complies
NOFOME M	Polydimethylsiloxane, aqueous preparation.	Complies	Complies	Complies
NOFOME NS	Aliphatic hydrocarbons, preparation	Complies	Complies	Complies

PERSOFTAL ASN 01	Aqueous emulsion of a modified polydimethyl siloxane	Complies	Complies	Complies
PERSOFTAL BK Conc.	Quaternary fatty acid amide ester	Complies	Complies	Complies
PERSOFTAL EP 3006	Aqueous preparation of fatty acids condensation products	Complies	Complies	Complies
PERSOFTAL FA 01	Fatty sulphonate preparation	Complies	Complies	Complies
PERSOFTAL HYDROSOFT	Quaternary fatty amides, aqueous solution	Complies	Complies	Complies
PERSOFTAL L	Fatty sulphonated preparation	Complies	Complies	Complies
PERSOFTAL LU	Fatty acid ester preparation	Complies	Complies	Complies
PERSOFTAL MESO	Amine modified polydimethylsiloxane	Complies	Complies	Complies
PERSOFTAL MS Conc. 01	Polydimethylsiloxane preparation	Complies	Complies	Complies
PERSOFTAL NANO-S2G	Emulsion of modified silicones	Complies	Complies	Complies
PERSOFTAL NANO-SIL	Emulsion of modified silicones	Complies	Complies	Complies
PERSOFTAL PEN	Polyethylene derivative, aqueous preparation	Complies	Complies	Complies
PERSOFTAL PLUS	Amine modified polydimethylsiloxane and ethoxylated alcohols, aqueous solution	Complies	Complies	Complies
PERSOFTAL PLUS Conc.	Amine modified silicone	Complies	Complies	Complies

PERSOFTAL ULTRA	Emulsion of modified silicones	Complies	Complies	Complies
PERSOFTAL WKF Liquid	Modified alkylaminocarboxamide	Complies	Complies	Complies
PLEXENE APR	Solution of organic chelating agents	Complies	Complies	Complies
PLEXENE CA	Aqueous solution of organic dispersing agents	Complies	Complies	Complies
PLEXENE EXT	Phosphonobutane tricarboxylic acid, aqueous preparation	Complies	Complies	Complies
PLEXENE EXT-N	Phosphonobutane tricarboxylic acid, sodium salt, aqueous preparation	Complies	Complies	Complies
PLEXENE FED	Aqueous solution of organic sequestering agents	Complies	Complies	Complies
PLEXENE MC	Solution of organic sequestering agents	Complies	Complies	Complies
PLEXENE PREP 01	Preparation of sodium iminodisuccinate and chelating agents	Complies	Complies	Complies
PLEXENE QXL	Preparation of sodium iminodisuccinate	Complies	Complies	Complies
PLEXENE SP	Aqueous solution of 2-aminoethanol and organic sequestering agents	Complies	Complies	Complies
PLEXENE UL	Modified polyacrylamide, aqueous preparation	Complies	Complies	Complies
PROTOREZ FFO 01	Urea-compound, aqueous solution	Complies	Complies	Complies
RESPUMIT BA 2000	vegetable oil/fatty acid derivative/alkyl polyglycol ether preparation	Complies	Complies	Complies

RESPUMIT NF 01	Emulsified oils with special additives	Complies	Complies	Complies
SPANSCOUR SPARK	Solution of nonionic surfactants	Complies	Complies	Complies
SYNTHAPPRET BAP 01	Bisulphite adduct of a polyisocyanate–polyurethane	Complies	Complies	Complies
TANACID AB	Aqueous solution of organic acids and dispersing agents	Complies	Complies	Complies
TANACID ADP	Mixture of substances listed below with nonhazardous additions	Complies	Complies	Complies
TANACID CLEAN	Aqueous solution of organic acids	Complies	Complies	Complies
TANACID NAC	Aqueous solution of organic acids and dispersing agents	Complies	Complies	Complies
TANACID SAB	Aqueous solution of organic acids and dispersing agents	Complies	Complies	Complies
TANACID UNA	Aqueous solution of organic acids	Complies	Complies	Complies
TANADYE MCN	Preparation of anionic tensides and aromatic hydrocarbons	Complies	Complies	Complies
TANAFINISH 40119	Silicic acid	Complies	Complies	Complies
TANAFINISH A	Silicic acid	Complies	Complies	Complies
TANAFIX SRC	Polyamine salt, aqueous solution	Complies	Complies	Complies
TANAFIX WRD	Condensation product from cyanamide derivative and polyamine, aqueous preparation,	Complies	Complies	Complies

TANAFOAM DNE 01	Preparation of stearates and mineral oil	Complies	Complies	Complies
TANAFRESH HFO	Aqueous solution of nonionic surfactant, perfumed smell.	Complies	Complies	Complies
TANALEV K-DC 01	Solution of alkyl phosphate esters and defoamers	Complies	Complies	Complies
TANALUBE CME	Fatty acid ester and tensides, aqueous emulsion	Complies	Complies	Complies
TANALUBE CO	Fatty acid ester, aqueous emulsion	Complies	Complies	Complies
TANALUBE FF	Acrylic polymer	Complies	Complies	Complies
TANAPAL AD	Alkylamine polyethylene glycol ether, preparation	Complies	Complies	Complies
TANAPAL PA	Solution of aromatic sulfonic acid condensation products and ethoxylated fatty amine	Complies	Complies	Complies
TANAPRINT ASU	Aqueous solution of surface active agents	Complies	Complies	Complies
TANASPAN NL	Solution of a quaternary ammonium compound and nonionic surfactants	Complies	Complies	Complies
TANASPERSE BE	Aqueous solution of organic sequestering agents	Complies	Complies	Complies
TANASPERSE MDA 01	Alkaline solution inorganic salts and organic sequestering agents	Complies	Complies	Complies
TANASPERSE OLG-N	Solution of anionic surfactants	Complies	Complies	Complies
TANASPERSE PM	Organic phosphonic acid	Complies	Complies	Complies

TANASTAT HA	Polyglycol ether sulphate, aqueous preparation	Complies	Complies	Complies
TANASTAT PES	Alkyl phosphate, potassium salt, aqueous preparation	Complies	Complies	Complies
TANASTAT WP	Modified polyether, aqueous preparation	Complies	Complies	Complies
TANATERGE 42062	Mixture of vinylpolymers	Complies	Complies	Complies
TANATERGE A	Aqueous solution of alkyldimethylbenzyl ammonium chloride	Complies	Complies	Complies
TANATERGE ADVANCE	Preparation of alkoxyated fatty alcohol	Complies	Complies	Complies
TANATERGE AL	Aqueous emulsion of Alcohols, alkoxyated	Complies	Complies	Complies
TANATERGE AP	Ethoxylated fatty amine and defoamer, aqueous emulsion	Complies	Complies	Complies
TANATERGE CFP	Aqueous solution of nonionic surfactants and organic sequestering agents	Complies	Complies	Complies
TANATERGE DRC	Solution of nonionic surfactants and defoamers	Complies	Complies	Complies
TANATERGE EF	Fatty acid amide and dispersing agents, aqueous solution	Complies	Complies	Complies
TANATERGE ELB	Minerals, dispersing agents and Fatty alcohol ethoxylate, aqueous dispersion	Complies	Complies	Complies
TANATERGE LFN 01	Aqueous solution of nonionic surfactants and organic sequestering agents	Complies	Complies	Complies
TANATERGE M-RE	Dispersion of minerals	Complies	Complies	Complies

TANATERGE PA-L	Solution of a quarternary ethoxylated fatty amine	Complies	Complies	Complies
TANATERGE PURA	Aqueous solution of special polymers	Complies	Complies	Complies
TANATERGE RE	Solution of organic sequestering agents	Complies	Complies	Complies
TANATERGE SD	Aqueous solution of dispersing agents, non-ionic surfactants and aliphatic hydrocarbons	Complies	Complies	Complies
TANATERGE SW-LF	Ethoxylated fatty amine, aqueous solution	Complies	Complies	Complies
TANAVOL ABL	Surfactant, esters and aromatic hydrocarbons , preparation	Complies	Complies	Complies
TANAVOL AS 01	Surfactant, esters and aromatic hydrocarbons	Complies	Complies	Complies
TANAVOL PEW	Emulsifiable mixture of aromatic esters and amides	Complies	Complies	Complies
TANAWET Q	Solution of surfactants and defoamers	Complies	Complies	Complies
TANAWET RC-N	Preparation of alkylaryl sulphonate and fatty alcohol	Complies	Complies	Complies
TANAZYM BP	Solution of enzymes	Complies	Complies	Complies
TANAZYM CS	Solution of enzymes	Complies	Complies	Complies
TANAZYM EVO	Aqueous enzyme preparation	Complies	Complies	Complies
TANAZYM LTC 01	Aqueous solution of surface active agents and enzyme	Complies	Complies	Complies

TANAZYM NCP	Solution of enzymes	Complies	Complies	Complies
TANAZYM PK	Solution of enzymes	Complies	Complies	Complies
TANEDE ARD 01	Aqueous solution of organic and inorganic salts	Complies	Complies	Complies
TANEDE AXL	Mixture of emulsifier and aromatic esters	Complies	Complies	Complies
TANEDE CL	Solution of non-ionic surfactants	Complies	Complies	Complies
TANEDE CL CONC.	Solution of non-ionic surfactants	Complies	Complies	Complies
TANEDE GREEN	Fatty alcohol polyglycol ether, aqueous preparation	Complies	Complies	Complies
TANEDE LR	Aqueous solution of organic and inorganic salts	Complies	Complies	Complies
TANEDE MIP	Polyacrylate/polyacrylamide polymer, aqueous preparation	Complies	Complies	Complies
TANEDE N 02	Ammonium chloride solution	Complies	Complies	Complies
TANEDE NOVA	Mixture of dispersing agents	Complies	Complies	Complies
TANEDE PRT	Polyester, aqueous dispersion	Complies	Complies	Complies
TANEDE RC	Thiourea dioxide	Complies	Complies	Complies
TANNEX BFD	Dispersion of natural minerals, dispersing agents and ethoxylated alcohols	Complies	Complies	Complies

TANNEX DB	Preparation of sodium gluconate, aqueous solution	Complies	Complies	Complies
TANNEX GEO	Minerals and dispersing agent , aqueous dispersion	Complies	Complies	Complies
TANNEX HC-BS	Solution of organic sequestering agents	Complies	Complies	Complies
TANNEX NOVECO	Modified natural minerals and dispersing agents	Complies	Complies	Complies
TANNEX RENA Liquid 01	Alkaline solution of inorganic salts and organic sequestering agents	Complies	Complies	Complies
TANNEX SPECIAL	Mixture consisting of inorganic salts and surface active agents	Complies	Complies	Complies
TANUVAL UVL	Solution of surfactants and additives	Complies	Complies	Complies
TASTEX COOL-EX 3	Squalane emulsion	Complies	Complies	Complies
TASTEX HOT 2	Chamomile extract, capsicum tincture	Complies	Complies	Complies
THICKENER A 02	Polyurethane, aqueous dispersion	Complies	Complies	Complies

⁽¹⁾ This product contains < 0.05% formaldehyde (CAS: 50-00-0). If this product is applied as we advise in our technical bulletin, the concentration free formaldehyde on the ready textile is reduced strongly and is not expected to exceed 75 ppm. If 10 to 20 gram urea per kilogram printing paste is added, the concentration formaldehyde will be further reduced and is not expected to exceed 16 ppm.

⁽²⁾ This product contains < 0.05% formaldehyde (CAS: 50-00-0). If this product is applied as we advise in our technical bulletin, the concentration free formaldehyde on the ready textile is reduced strongly and is not expected to exceed 16 ppm.
